

# ***JIIDE 2010 – Setting up the Iberian SDI cooperation platform***

R. P. Julião – Instituto Geográfico Português (PT)

João Geirinhas – Instituto Geográfico Português (PT)

S. Mas-Mayoral – Instituto Geográfico Nacional (ES)

Antonio. F Rodríguez – Instituto Geográfico Nacional (ES)

JIIDE 2010 – Setting up the Iberian  
SDI cooperation platform

# Outline

- Context
- History
- JIIDE
- Conclusion

# Context

- INSPIRE Directive into force since 2007
- Both countries with national laws
- Strong GIS tradition
- Regular conferences in both countries
- Similar cultures
- Cross border issues
  - Projects: OTALEX, SIGNII...

- Need for knowledge sharing

JIIDE 2010 – Setting up the Iberian  
SDI cooperation platform

# ***History - Portugal***

- SNIG was pioneer in 1990
- GIS is commonly used by all levels of public administration
- INSPIRE transposed in 2009 – High level of interest
- eSIG since 1991 every two years promoted by USIG (National GIS users association)
- GIS Planet 1998 and 2005 – worldwide conference promoted by USIG

JIIDE 2010 – Setting up the Iberian  
SDI cooperation platform

# ***History - Spain***

- Strong dynamic
- IDEE involving all autonomic communities
- INSPIRE transposed in 2010
- Very successful Spanish SDI conference (JIDEE) since 2004
- Collaborative organization: National Geographic High Council & WG IDEE
- Collaborative data production projects

# JIIDE

- JIIDE – Jornadas Ibéricas de Infra-estruturas de Dados Espaciais
- Iberian platform for SDI discussion
- Strengthening the relationship at all levels
- Promoted by key stakeholders in both countries
- Join and promote the knowledge and experiences with SDI

- First edition in 2010

JIIDE 2010 – Setting up the Iberian  
SDI cooperation platform
