

what if?

... we wanted to more actively involve users in the evolution of INSPIRE?

Michael Lutz

INSPIRE Conference, Strasbourg
8 September 2017

The European Commission's
science and knowledge service
Joint Research Centre

Knowing who they are...

- Types: *end users, solution providers* (others?)
- Do we need to keep track of our users? How?
- Where to find them and how to talk to them?

Simplifying feedback and change processes

- How to simplify feedback channels and reduce the fear of using them?
- How to make the INSPIRE maintenance and implementation process more flexible?
- Which intermediaries could help to collect, interpret and channel user needs?

★★★★★ THE MOST WONDERFUL BOOK
By SUE, SHROPSHIRE on 12 Oct 2015
Not being naturally gifted in the winner. Who would have thought (Not me).
This book offers just such guidance particularly like the Peppercorn raffia, topped with small white raffia (but I used qingham (checked out more)

★★★★★ THE MOST WONDERFUL BOOK

Send feedback

- Edit the map
Fix wrong info about places or roads
- Add a missing place
Add a new business or landmark to the map
- Report missing road
Suggest a road that should be on the map
- Other feedback
Suggest changes or improvements to Google Maps, or report bugs

INSPIRE added benefits

- What features can or could INSPIRE offer that national solutions cannot?
- What can we learn from other platforms?
- How to implement such features?

Customers who bought this item also bought

Who is willing to pay?

- Pay-per-use vs. tax payer pays
- Should the infrastructure provide standardized ways or re-usable tools for charging for and licencing?

How to showcase benefits?

- What could simple showcase applications look like?
- What are barriers that we still need to overcome? What could be quick wins?
- How to best make the key users of a showcase the drivers of its implementation?
