

How to find ourselves in the upcoming trends linked to Green Deal in SK

martin.tuchyna@enviro.gov.sk

Learn from past: INSPIRE 1.0

- Who: Main drivers - mainly **Data providers**
- Where: Content identification - **INSPIRE Metadata**
- What: AsIs vs. ToBe **Data**
- How: Potential of **Services**

Pros

- Exposing public geodata and services
- Governance
- Pioneer IT policy and tech initiative

Cons

- Lack of close link to user/s
- High technical complexity
- Limited synergies/connections to other domains on operational level

From vision 2 solutions

- Making Commission priorities easier understandable
- Extract mature concepts
- Transfer them into understandable requirements
- Identify the clear target groups
- Data based/driven legislation
- Check Value for the money
(Estimate the realistic costs and benefits)
- Start to prepare ground for implementations
(Prepare funding schemas, calls, communities, communication)

6 Commission priorities for 2019-24

A European Green Deal
Europe aims to be the first climate-neutral continent by becoming a modern, resource-efficient economy.

A stronger Europe in the world
The EU will strengthen its voice in the world by championing multilateralism and a rules-based global order.

A Europe fit for the digital age
The EU's digital strategy will empower people with a new generation of technologies.

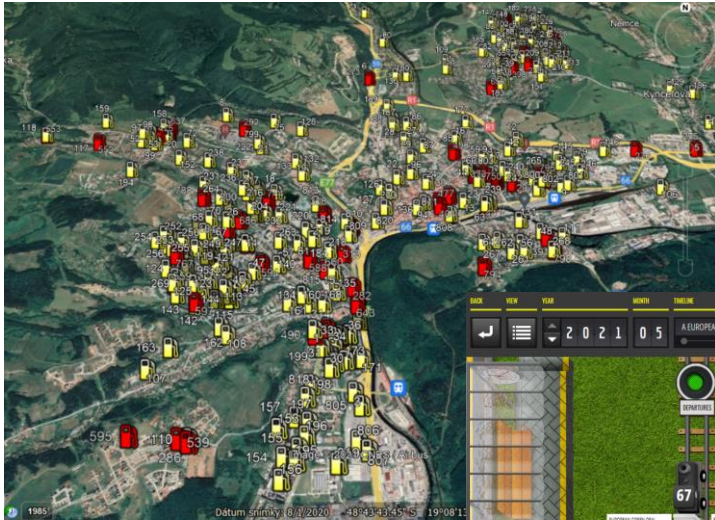

Promoting our European way of life
Europe must protect the rule of law if it is to stand up for justice and the EU's core values.

An economy that works for people
The EU must create a more attractive investment environment, and growth that creates quality jobs, especially for young people and small businesses.

A new push for European democracy
We need to give Europeans a bigger say and protect our democracy from external interference such as disinformation and online hate messages.

Recovery plan for Europe
Leading the way out of the crisis and building a greener, more digital and more resilient Europe.

[Recovery plan >](#)

The European Green Deal will improve the well-being and health of citizens and future generations by providing:

Future past: INSPIRE 2.0 ?

- Who: Main drivers - mainly **Data users/consumers**
- Where: Content linkage and re-use - **DCAT-AP Metadata**
- What: Geo & other **Data**
- How: Potential of **APIs**

Focus

- Benefits & Customer experience
- Integrations with other domains & communities (Business, R&D, NGOs, citizens & eGovernment, Open Data, Statistics, Analytics)
- Usage evidence (Apps, services, products)
- Measurable KPIs for Monitoring
- Simple and working licensing framework
- Communication and authentic marketing
- Capacity building & work on ourselves
